## Creating Question Pools for Quizzes

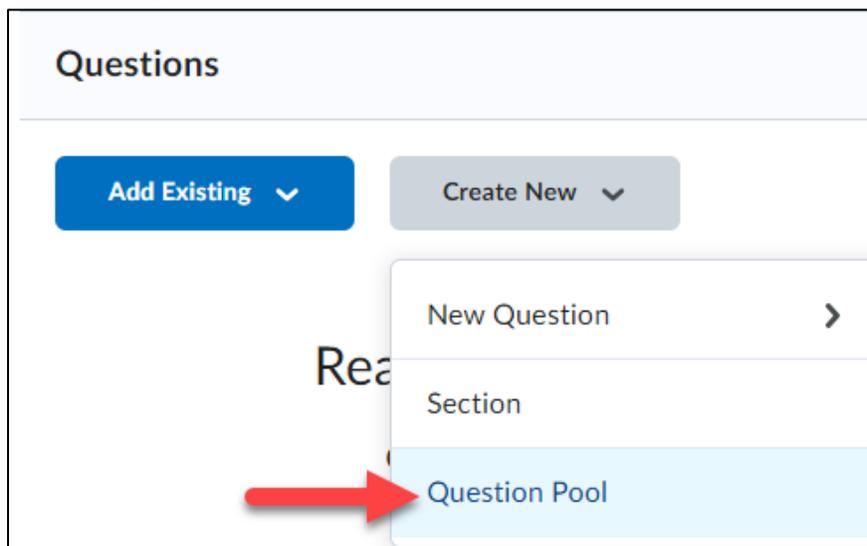

---

You can create random question pool for quizzes. When creating question pools it will randomly pull from the specified number of questions you select from the question library.

1. When creating a new quiz, **click** Create New button.

2. **Select** Question Pool.

**3. Click the Browse Question Library button.**

Question Pool Title \*

Number of Questions to Select \*      Points per Question \*

 from 0      

**Browse Question Library** ←

**Save**      **Cancel**

**4. To import ALL questions from a section created in your question library, **select** the section from the list (1) and **click** Import when done (2).**

NOTE: To import specific questions from a section, **expand** the section and **select** specific questions for import.
